Grand Total	£ 10,025.00

Conditions:

Payment:	G.Ekhator. S/C: 090126 A/C: 95962635
Notes:	*This is the end result agreement and invoice from all the quotes made to Obaseki Solicitors ie stmd with quotes and without quotes, with all the permutations to cater for combined cost reduction. This includes the quotation for producing an App for STMD users and another one for STMD providers. As too distinct apps will be required for overlapping functionality. The App will have functionality similar to Uber App. The major proviso's and or caveats in this agreement that differs from the previous quotes are: 1. Increasing percentage discount in all services to 100% in some items 2. If take up is very successful and requires huge mobile server hosting costs, then i can comeback to Jennifer because the costs will be too burdensome to bear depending on the level of increase in demand. The delivery date for the Ecommerce web app and Admin control modules is 24th December. The delivery for Service provider and Mobile App is 15th January to 31st January. This is in a bid to meet the festive period market as already discussed. And payment structure of 25% down (£2500), then structured PROMPT payments of balance throughout the year from 28TH January to 28TH December 2019 of £625 each. Many thanks Greg Ekhator*
